

# B I N G O

1

Write a letter or card to a friend

Play "sink or float" in a puddle with natural elements

Express your appreciation after reading a book

Cook a new recipe with the family

Create the longest hopscotch in the neighborhood and number the squares

2

Take photos of your favorite places and share them

Invent a story about an insect you observe

Play "Hangman" on the beach or in the park

Create bookmarks with a kind word and give them away

Paint or color by number

3

Read a magazine or comic strip about science

Create a list of summer activities to share with others

FREE

Play a board game with your family

Write a long word with rocks and take a photo

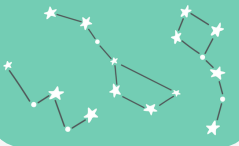

4

Make a puzzle with family or friends

Observe the stars and find 3 constellations

Read a book about a passion or something you like

Find a word that starts with each letter from A to Z around you

Classify + count natural elements (rocks, leaves, shells...)

5

Plan and shop for a picnic

Spend a screen-free day with friends

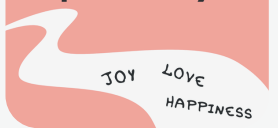

Read outdoors (forest, beach, park...)

Name what you see during a walk

Write positive words on the sidewalk for passers-by

BECAUSE SUMMER'S FOR PLAYING, LET'S KEEP LEARNING WHILE HAVING FUN!
